

MUSE MACHINE IN-SCHOOL PERFORMANCE INTRODUCTION  
THE MAGIC OF MOVIES

Welcome to today's Muse Machine performance. Our special guest is performer and filmmaker, David Sherman.

Today's show, THE MAGIC OF MOVIES, connects the dots between images, sound and story along with our own bodies and minds to reveal why we take a journey when the lights go down and a movie begins.

We've all got favorite movies — movies that excite us, make us laugh, scare us and trigger our emotions. From science to magic, we'll look behind the screen at how it all comes together. Let's have a round of applause for David and THE MAGIC OF MOVIES!
